> naturally leavened <

New to us, but not new to the world of bread, is a process known as natural fermentation.

We are using our 100% Michigan wild starter as the sole leavener in our line of breads featuring organic heirloom grains from Shady Side Farm.

This old world method gives the natural process of fermentation a chance to develop deep flavors and also help with digestion.

organic spelt sourdough loaf | \$9 each

lighter and sweeter, with a nutty flavor from the shady side farms organic spelt middlings

english muffin sourdough loaf | \$10 each

this sour airy bread is made with local dairy, our signature slicing bread for sandwiches & crispy toast
